Marital Status: ☐Single ☐Married ☐Legally Separated ☐Other Spouse's Name_____

Employment Status: ☐ Employed FT ☐ Employed PT ☐ Not Employed ☐ Retired ☐ Student FT ☐ Student PT

How Did You Hear About Our Office? _____

Insurance Information

It is your responsibility to know the terms and limitation of your policies. Failure to inform us of all of your insurance information may result in a denial of benefits and payment in full being owed by you. Please provide us with all of your insurance information. Your carrier is required to respond to our claim submission within 30 days. If we receive no response from your insurance company we may ask you to contact your insurance company or remit payment yourself and seek reimbursement from your insurance company. ***Medical insurance and vision plans are very different in their terms of service and their coverage. We are unable to determine which, if any, can be billed until after the examination is completed.*** When a medical condition is present (diabetes, high blood pressure, dry eyes, red eyes, allergies, etc.) it is necessary to file the claim with your major medical carrier. Vision plans do not typically cover medical problems, just as medical insurance does not cover routine glasses and contact lens exams. ***We are often unable to bill your vision plan for the glasses/contact lens portion of your exam on the same day we bill your medical insurance for management of your medical eye problem. Our office does not make these rules, they are defined by the insurance carriers themselves.*** We will need copies of your insurance cards and a photo ID

_____

_____

Please list any drug allergies: _____

_____

_____

Current Contact Lens Wearers: ☐ Need lenses ☐ Do not need lenses **Non Contact Wearers**: ☐ Interested ☐ Not interested

Retinal Imaging

Dr. Shook recommends that all adult patients should have their eyes dilated to better diagnose and treat diseases like glaucoma and diabetic retinopathy. Dr. Shook also recommends retinal imaging with the Nidek Digital Camera and/or the Zeiss OCT. Because most insurance plans consider this above and beyond the standard of care for routine exams, there will be a $39.00 charge. This fee is in addition to any medical or vision exam co-payments. If you do not agree to this, please tell the technician prior to the actual testing.
